

Lit'ngow Free-range Meats

Local Beef Product

for the food service industry

Local Australian Beef Product List

Australia produces the best beef in the world thanks to the hard work of local producers committed to raising the highest quality breeds. From this we are able to source the best quality and specification of beef as well as a wide selection of high quality pasture, hormone-free beef products. We also pride ourselves on growing our own range of Kanimbla Valleys best Wagyu and Wagyu cross under the Shogun Wagyu trademark.

Lithgow Free-range Meats long standing involvement with the local beef industry, we are able to discern the subtle differences between farming regions and beef breeds. To reach its maximum eating quality Lithgow Free-range Meats employ the wet ageing process on our beef to enhance the flavour.
